

AC Delco Bowmen Archery Club

General Field Housekeeping/Maintenance

- All members are expected to treat each other with courtesy and respect and act in a manner to ensure the sport is enjoyable for everyone.
- Targets can be moved but should be replaced at the 30m distance and secured.
- Please don't use the "cube" bosses for distances less than 30m – there are 2 foam targets set at 20 and also the targets in the coaching area (or use the straw bosses)
- Please remember to move your target round the boss so the damage to the cubes is more evenly spread
- Remove target faces and replace in the tubes next to hut, If they're wet -lay flat in the club hut to dry.
- Please don't shoot at pins – (use a sticker?) The pins can break off in the boss and if they don't damage your arrows – they may well damage those of the next archer!
- At club sessions and competitions help set up, take down and put away equipment, if you are safely able to do so.
- Please take home any litter as the field does not have a refuse collection.
- We have regular field maintenance days – please do help where you can – always lots of jobs to be done!
- Make the Club Committee aware of any medical condition which may affect your safety or the safety of others, or need extra equipment/seating, etc.
- When shooting wear suitable clothing e.g. no open toed footwear, tie long hair back, remove hoop ear/lip rings.
